

A technical drawing showing a rectangular frame assembly. On the left side, there is a vertical slot. A horizontal rod is positioned across the top of the frame. The number '507' is written vertically along the left edge of the frame. There are several circular features at the top right corner.

A technical drawing of a rectangular component. At the top, there is a horizontal slot with two small circular features on its left side. To the right of this slot is a small square icon containing a circular symbol. On the bottom right, there is a row of five circular ports labeled OUT, H<sub>2</sub>O, H<sub>2</sub>O, CO<sub>2</sub>, and IN. Below these ports are four cylindrical connectors. The overall width of the component is indicated by a blue double-headed arrow at the bottom, labeled 367. To the left of the component, a vertical blue double-headed arrow indicates a height of 535.
